

# THE PRESTRESSED GROUP

## Health & Safety Policy Statement

Management of The Prestressed Group of Companies (“TPG”) is vitally interested in the health and safety of its employees. Protection of employees from injury or occupational disease is a major continuing objective. TPG will make every effort to provide a safe, healthy work environment. All supervisors and workers must be dedicated to the continuing objective of reducing risk of injury.

TPG as employer, is ultimately responsible for worker health and safety. Supervisors will be held accountable for the health and safety of workers under their supervision. Supervisors are responsible to ensure that machinery and equipment are safe and that workers work in compliance with established safe work practices and procedures. Workers must receive adequate training in their specific work tasks to protect their health and safety.

Every worker must protect his or her own health and safety by working in compliance with the law and with safe work practices and procedures established by the company.

TPG is committed to continual improvement in health, safety and environmental performance and, to that end, in planning and managing its facilities, operations, products and services. Management shall establish objectives and targets consistent with this policy and the company’s commitment to “Zero” work related injuries. These objectives and targets will periodically be reviewed as part of the Company’s commitment to continual improvement.

The Management of TPG is committed to conducting its operations in a manner that responsibly protects human health, safety and the environment. The commitment extends to the Company’s employees, customers, suppliers, third party employees, guests, the communities where all our facilities are located, and those who may be impacted by our operations.

It is in the best interest of all parties to consider health and safety in every activity. Commitment to health and safety must form an integral part of this organization, from the chief executive officer to the workers.
